

Complete this form if you are undertaking any of the following courses:

Code	#	Title	Duration
BIOC8000	2	Advanced Genomics and Bioinformatics	complete in one semester
BIOL7005	2	Research and Development Proposal	complete in one semester
BIOL8001	2	Preparation for Doctoral Research	complete in one semester
BIOT6010	2	Research Project A	complete in one semester
BIOT6011	4	Research Project B	complete in one semester
BIOT6012	8	Research Project C	complete in one semester
BIOT6014	2	Literature Review B	complete in one semester
BIOT6015	4	Literature Review C	complete in one semester
BIOT7001	4	Minor Research Project and Seminar	complete in one semester
BIOT7000	8	Research Project	start sem 1, complete sem 2
BIOT7002	8	Research Project	start sem 2, complete sem 1
BIOT7003	8	Research Project	complete in one semester
BIOT7004	8	Research Project	start summer, complete sem 1
BIOT7010	2	Research Project	complete in one semester
BIOT7011	4	Research Project	complete in one semester
BIOT7012	8	Research Project	complete in one semester
BIOT7014	2	Literature Review B	complete in one semester
BIOT7015	4	Literature Review C	complete in one semester
BIOT7019	8	Research Project	start sem 2, complete summer
BIOT7020	8	Advanced Masters Research Project	complete in either sem 1 or sem 2
BIOT7021	8	Advanced Masters Research Project	start sem 1, complete sem 2
BIOT7022	8	Advanced Masters Research Project	start sem 2, complete sem 1
BIOT7024	16	Advanced Research Project in Biotechnology	complete over 3 semesters
BIOT7025	16	Advanced Research Project in Biotechnology	start sem 1, complete sem 2
BIOT7026	16	Advanced Research Project in Biotechnology	start sem 2, complete sem 1
BIOT7027	16	Advanced Research Project in Biotechnology	4 sems part time, start any sem
BIOT7035	4	Research Project	complete in one semester
BIOT7036	8	Research Project	complete in one semester
BIOT8000	2	Advanced Biotechnologies	complete in one semester
BIOT8001	2	Advanced Study of the Legal, Ethical and Social Aspects of Biotechnology	complete in one semester
BIOT8002	2	Extended Research Proposal	complete in one semester
BIOT8003	16	Biotechnology Thesis	start sem 1, complete sem 2
BIOT8004	16	Biotechnology Thesis	start sem 2, complete sem 1
BIOT8005	16	Biotechnology Thesis	4 sems part time, start any sem
BIOT8007	16	Biotechnology Thesis	start summer, complete sem 1
BIOT8010	8	Professional Practice in Biotechnology	complete in one semester
RSCH8001	32	Biotechnology Thesis	8 Research quarters (Part-time)
RSCH8008	32	Biotechnology Thesis	8 Research quarters

Complete a separate form for each course you undertake. Ensure the form is signed by your supervisor and your examiners. Submit completed forms to scmbbiotechnology@uq.edu.au for approval **no later than week one of semester**.

If this is your only course for the nominated semester, you must submit this form with sufficient time to enable you to enrol in your course by the semester enrolment due date. Enrolment deadlines can be found here: <https://www.uq.edu.au/startingatuq/important-dates>.

Once your form has been received and processed, you will be notified by email advising you to enrol in your course via mySI-net. **Please note this is not an enrolment form.**

NOTE: For courses run by Faculties other than the Faculty of Science, the Biotechnology Program Directors can only approve that the course counts towards the student's Biotechnology program. Final approval for such enrolment must be obtained from the appropriate Faculty.

**Biotechnology Postgraduate Coursework
Supervisor Approval Form**
School of Chemistry & Molecular Biosciences (SCMB)

STUDENT DETAILS

Given Name:	Student No:									
Family Name:	Email:									
Program Code: 5013 / 5119 / 5386 / 5159 / 5599 / 5626 / 5627 (PLEASE CIRCLE)							Full time	<input type="checkbox"/>	Part time	<input type="checkbox"/>
COURSE CODE:				Semester:			Year:			
PROJECT TITLE:										
<input type="checkbox"/> I understand that my research project must be submitted through Turnitin by the due date and time listed in the electronic course profile (ECP).										
Student's signature					Date.....					

UQ PROJECT SUPERVISOR: Supervisors must appoint TWO Examiners to mark the final assessment item.

Given Name:	Family Name:
School/Institute:	
Email:	Phone Number:
<input type="checkbox"/> I agree to supervise the above student and to supply a mark for the research seminar presentation and/or laboratory performance. <input type="checkbox"/> I confirm the examiners I have nominated below are independent of my research group (including recent collaborations).	
Signed	
Date.....	

UQ Supervisor to indicate – Is this an Industry related project?	YES		NO
Is an Industry Supervisor/Co-Supervisor involved? YES* <input type="checkbox"/> NO <input type="checkbox"/>	* If YES, please complete the below details.		

INDUSTRY SUPERVISOR

Given Name:	Family Name:
Company name:	
Email:	Phone Number:

EXAMINER 1:

Given Name:	Family Name:
School/Institute:	
Email:	Phone Number:
<input type="checkbox"/> I agree to supply a mark for the student's final assessment item. <input type="checkbox"/> I confirm I have had no recent collaborations with the supervisor and I am not part of the supervisor's research group.	
Signed.....	
Date.....	

EXAMINER 2:

Given Name:	Family Name:
School/Institute:	
Email:	Phone Number:
<input type="checkbox"/> I agree to supply a mark for the student's final assessment item. <input type="checkbox"/> I confirm I have had no recent collaborations with the supervisor and I am not part of the supervisor's research group.	
Signed	
Date.....	

Biotechnology Program Director Approval
